Major activities affecting case closing:

As a result of Trustee's administration of this estate, unsecured creditors of this estate who were victims of the Debtor's fraud received an interim distribution of approximately 18% of their claims, pursuant to a joint disposition plan approved by both the Bankruptcy Court and the District Court in the Debtor's Criminal Case. As reflected in this final report, Chapter 11 administrative creditors will receive no distribution from the estate, and Chapter 7 administrative creditors will receive a significantly reduced payment on claims. Pursuant to Court Order entered September 12, 2014, the Trustee's Final Report and Notice thereof have been modified to delete information regarding creditors other than information found in the Court's claims register which is public record.

Tulving is a California corporation. The Debtor was in the business of selling and purchasing gold, silver, coins and other precious metals through its internet website or by phone. Prior to the filing of the bankruptcy, customer complaints concerning delayed or undelivered orders were increasingly made to the Better Business Bureau against the Debtor. In early March, 2014, a class-action lawsuit was filed against the Debtor and Hannes Tulving in the United States District Court, Northern District of California. A criminal investigation of the Debtor and Mr. Tulving by the United States, through the United States Attorney for the Western District of North Carolina (the "Government") was also being pursued.

The Debtor ceased operations on or about March 3, 2014. On March 8, 2014, Special Agents of the United States Secret Service executed a Search Warrant on the Debtor's offices on probable cause that the Debtor and Mr. Tulving were engaged in fraud. The Search Warrant resulted in the seizure of the Debtor's property including rare coins and other valuable items (the "Seized Assets"). Two days later, on March 10, 2014, the Debtor filed for relief under chapter 11 of the Bankruptcy Code. Thus, at the time of filing, virtually all of the Debtor's assets were in the possession of the Government, potentially subject to forfeiture in the criminal proceedings.

Todd Neilson was appointed the Chapter 11 Trustee. After investigation, Mr. Neilson determined that no reorganization of the Debtor was possible and filed a motion to convert the case to a Chapter 7. Upon conversion, Mr. Neilson was appointed the Chapter 7 Trustee. Mr. Neilson's professionals prepared Debtor's Schedules and Statements, obtained authorization to file customer information under seal, and set a bar date for the filing of claims. The Chapter 7 Trustee reviewed and filed objections to numerous claims against the Estate, which objections were sustained.

During the pendency of the bankruptcy case, the Government continued its investigation of the Debtor and Hannes Tulving's activities, including issuing a Grand Jury Subpoena to the Debtor's former accountants. The Chapter 7 Trustee had meetings with Hannes Tulving and his criminal counsel and also had meetings with counsel for the Government concerning the scope of creditor claims and, particularly the claims of creditors who were also victims of the Debtor's illegal activities ("Victim/Creditors"). Mr. Tulving eventually agreed to enter into a plea agreement with the Government in which he pled guilty to one count of 18 U.S.C. § 1343 wire fraud charge as set forth in Count One of a Bill of Information in a criminal case against Tulving and Mr. Tulving in the district court (the "Criminal Case"). Mr. Tulving was incarcerated and, among other things, the defendants agreed to pay restitution to the victims of fraud.

Mr. Neilson engaged in extended negotiations with the Government to allow the Chapter 7 Trustee to develop a plan for disposition of the Seized Assets in the bankruptcy case, rather than in the criminal proceedings. Following the negotiation and preparation of various agreements and pleadings which were submitted for approval to the District Court in the Criminal Case and to the Bankruptcy Court, the Bankruptcy Court approved a disposition plan for the Seized Assets by order entered January 28, 2016. The disposition plan provided for the transfer of the Seized Assets from the Delaware Depository in Wilmington, Delaware to Heritage Auctioneers ("Heritage") in Dallas, Texas, the pro rata distribution to creditors of certain Presidential Error-Missing Edge Letter Coins ("Error Coins") and the liquidation of other coins ("Non-Error Coins") at an auction to be held by Heritage (who was retained by the Estate). The disposition plan also allowed creditors to "opt out" of receiving Error Coins. Approximately thirty (30) Victim/Creditors initially determined to "opt out".

On March 21, 2016, Todd Neilson withdrew as Chapter 7 Trustee, effective April 1, 2016. On April 1, 2016, Weneta Kosmala was appointed the successor Chapter 7 Trustee for the Tulving estate.

The successor Trustee oversaw the auction of the Non-Error Coins implemented by Heritage in or about July 2016. At the time of the auction it became apparent that the Error Coin disposition plan was not viable as proposed. Firstly, the Error Coins were comingled together and not separately identifiable. Secondly, the asserted value of the Error Coins (valued at approximately \$7.3 million by Debtor's coin appraiser) was questioned by Heritage, who believed the Error Coins to have an auction value of approximately \$500,000. Because of the substantial discrepancy in the Error Coin values and the inability to determine which coins were valued at which amounts, the Trustee could not implement the disposition plan as initially proposed and was required to seek authorization to implement a revised disposition plan based upon a formal appraisal of the coins. To do so, required that each individual Error Coin be graded and then a value to each Error Coin ascribed. In this way, the value of each of the Error Coins could be determined and a distribution plan specifying each Error Coin to be distributed to each individual Victim/Creditor would be determined for purposes of making equal pro rata distributions of the Error Coins directly to Victim/Creditors on account of their claims. To reduce the costs to the Estate of the coin grading, GreatCollections.com d/b/a Great Collections ("Great Collections"), purchaser of the Debtor's customer lists, agreed to allow the Trustee to utilize its special pricing with Pacific Coin Grading Services ("PCGS") to formally grade the Error Coins. Upon obtaining additional relief from the Bankruptcy Court, the Error Coins and certain other coins not sold by Heritage at auction were shipped by Heritage in Dallas, Texas to Great Collections in Irvine, California. After a several month process (where each coin was individually graded by three separate coin appraisers and then individually sealed), a valuation for the Error Coins was determined in or about April 2017, the Trustee prepared detailed lists of the Error Coins, new opt-out notices and a comprehensive pleading package that was sent to Victim/Creditors in or about June 2017. The Trustee's Notice of Motion and Motion for Order (I) Approving Coin Valuations and Distribution Schedule of Error Coins to Victim/Creditors, and (II) Granting Related Relief was objected to by one of the many hundreds of Victim/Creditors effected. The Trustee's Reply to the Victim/Creditor's Objection was filed, and the Trustee's Motion was granted. The Trustee implemented the disposition plan for the Seized Assets in August and September 2017.

Also during the case, the U.S. Commodity Futures Trading Commission (the "CFTC") filed a "Complaint Against The Tulving Company, Inc. and Hannes Tulving, Jr. for Permanent Injunction, Civil Penalties, and Other Equitable Relief" (the "Complaint"), alleging violations of the Commodity Exchange Act, 7 U.S.C. §§ 1-26 (2012) (the "Act") and the Commission's Regulations promulgated thereunder, 17 C.F.R. §§ 1.1-190.10 (2013) in case number 3:15-cv-424-RJC-DSC, pending in the United States District Court for the Western District of North Carolina. The grounds for the Complaint were based upon substantially the same operative facts underlying the plea agreement discussed above. The Trustee entered into a Consent Order with the CFTC to consensually resolve its claims,

FORM 1

allowing it claims against the Debtor, subordinated to the claims of all general unsecured creditors. A supplemental consent order was later entered.

Based upon the investigation conducted by the Trustee, Trustee's Counsel and the Trustee's financial advisors, the Trustee commenced litigation against Armen Haig Gugasian for avoidance and recovery of fraudulent transfers, and against Levon Gugasian for avoidance and recovery of fraudulent transfers and objections to proofs of claim number 308, 309, and 310. The litigation was settled at the second mediation conference for a cash payment of \$648,250 and a complete waiver of Gugasian's \$650,025.15, \$128,242.48, \$142,789.20 and \$79,200 claims. The settlement was approved by Court Order entered on December 19, 2017. The Trustee also entered into a stipulated judgment with "On the Rocks", an account debtor of the Debtor, in the amount of \$593,434. After the Trustee's enforcement efforts were thwarted, the Trustee retained collection counsel to pursue the judgment on a contingency basis. Unfortunately, the collection firm was unable to recover payment on the judgment and subsequently abandoned the judgment.

The successor Trustee completed the disposition of the Error Coins, pursued and eventually settled the Gugasian Litigation, resolved further issues with the CFTC, auctioned the remaining coins, abandoned the On the Rocks judgment, sold residual assets of the Estate to Oak Point Partners, attended to numerous creditor calls and correspondence concerning the Error Coin distributions and opt-out matters, and oversaw the administration of the estate.

The Estate's assets have now been administered and the Trustee is filing her final report. Based upon the PCGS Court approved valuation of the Error Coins in the amount of \$2,955,113.00, victim general unsecured creditors received distributions of Error Coins amounting to 18.73% to 18.77% of the amount of their claims.

9/30/2017 SUMMARY: The case was filed as a Chapter 11 on 3/10/14. R. Todd Neilson was appointed as Trustee on 3/19/14. The case converted to Chapter 7 on 5/24/14. Mr. Neilson withdrew as Trustee on 3/22/16, and Weneta Kosmala was appointed as his successor on 4/1/16.

ASSET STATUS: The Tulving Company, Inc. ("Debtor"), commenced this chapter 11 case on March 10, 2014, two days after the U.S. Secret Service executed a search warrant on probable cause that the Debtor was engaged in fraud. The search warrant resulted in the seizure of the Debtor's property including rare coins and other valuable items. On March 21, 2014, R. Todd Neilson ("Mr. Neilson") was appointed as Chapter 11 Trustee of the Debtor's estate. Thereafter, upon motion of the trustee, the case was converted to a chapter 7 and Mr. Neilson was appointed as the chapter 7 Trustee. On March 22, 2016, Mr. Neilson filed his Withdrawal of Trustee and on April 1, 2016, Weneta M. A. Kosmala was appointed as the chapter 7 trustee ("Trustee") of the Debtor's estate.

Administration of Estate Assets

At the inception of this case, Mr. Neilson, as trustee, administered the property of the estate remaining at the Debtor's premises. The trustee rejected the Debtor's leases and sold residual property of the Debtor at those premises. Through court approved agreements, the U.S Government agreed to release the coins that had been seized by the Secret Service and return them to the bankruptcy estate for distribution to creditors. Certain coins were sold at auction pursuant to order of the Court. An agreement was reached between Mr. Neilson and the government that approximately 15,580 Presidential Error-Missing Letter Coins and Double Edge Coins (collectively, the "Error Coins") were to be distributed directly to creditors (rather than sold at auction) on a pro rata basis.

Distribution of Error Coins

In light of conflicting valuations of the Error Coins, in October 2016, the Trustee obtained Court authorization to retain experts to grade the Error Coins so that verified values could be ascribed to them. The valuation of the Error Coins was completed in or about April, 2017. The Trustee's professionals prepared a distribution schedule identifying specific coins to be distributed to each creditor based on the Error Coin valuations and the amount of each creditor's claim. Pursuant to order of the Court entered July 25, 2017, the Trustee obtained authority for GreatCollections.com d/b/a Great Collections ("Great Collections") to distribute the Error Coins pursuant to the distribution schedule. The remaining coins, including the error coins otherwise allocable to Victim/Creditors that determined to opt-out, were sold at auction by Great Collections, for which proceeds totaled \$23,109.17. Net proceeds of the sale, after deducting fees, were \$21,656.69.

Claims and Causes of Action

The Trustee's professionals have evaluated various claims and causes of action. The Trustee obtained documents from third parties concerning the estate's transactions and engaged in informal discovery and conducted oral examinations to resolve outstanding questions.

Mr. Neilson analyzed claims and potential causes of action and against Marc One Numismatics and Kevin Lipton Rare Coins based upon information provided by Mr. Tulving and his counsel, followed up by discovery conducted by the Trustee's professionals. The claims asserted by Mr. Tulving were not substantiated and the Trustee determined not to pursue such claims. The Trustee also investigated and conducted discovery concerning potential claims against A-Marc Precious Metals, Inc. Based on that investigation, the Trustee determined there were no viable claims to pursue.

The Trustee commenced lawsuits against Levon Gugasian and Armen Gugasian ("Gugasians") to recover transfers under the Trustee's avoidance powers. The parties engaged in mediation on early November 3, 2017 in an effort to resolve the lawsuits without trial. Through mediation, the parties reached a settlement whereby the Gugasians would pay the sum of \$648,250 to the Trustee on or before 10 days after all parties had executed the settlement agreement. The Trustee would segregate the payment from the Gugasians from all other funds, and deposit the payment into a separate account (not to be transferred into the Trustee's general operating account) until the 15th day after entry of a Bankruptcy Court order. If the Settlement Agreement was not approved by the court within 60 days after the execution of the Settlement Agreement by all of the parties, then the Trustee would immediately return the Settlement Payment to the Gugasians and the Settlement Agreement would be

deemed of no force and effect, and the adversary proceeding would proceed as if the Settlement Agreement had never been entered into. Within 10 days of entry of the Order allowing the Settlement Agreement, The Gugasians would waive all claims and Levon Gugasian would file notices with the court to withdraw each claim; the Trustee would waive and release all claims and claims for relief against the Gugasians and request dismissal with prejudice of the Gugasian Adversary Proceedings. Payment was received by the Gugasians on December 5, 2017, and the order approving the Settlement agreement was subsequently entered on December 19, 2017.

The Trustee also entered into a stipulated judgment with On the Rocks, an account Debtor of the Estate, for \$593,434. Initial collection actions were unsuccessful and the Trustee retained contingency counsel to pursue collection against the account debtor. Unfortunately, Those efforts were unsuccessful, and and the Trustee was unable to recover payment. The Trustee subsequently abandoned the judgment against On the Rocks pursuant to § 544 on June 8, 2018.

Supplemental Consent Order

The Trustee had entered into a Consent Order with the U. S. Commodities Futures Trading Commission ("CFTC") in settlement of a civil Complaint filed by the CFTC against Tulving and its principal Hannes Tulving, Jr. In 2017, the CFTC requested that the Trustee enter into a Supplemental Consent Order in accordance with the terms of the prior Consent Order. The Trustee submitted a motion to approve the Debtor's entry into the Supplemental Consent Order, by the Debtor's principal on behalf of the Debtor, in or about June 2017, The Order approving the consent order was entered on December 4, 2017.

Sale of Remnant Assets

The Trustee, through Counsel, negotiated with Oak Point Partners ("Oak Point") and sought approval for the sale of the Estate's remnant assets to Oak Point for \$7,500. No overbids were received, and the order approving the sale was entered on June 25, 2018.

Resolution of Case

The Estate's assets have now been administered and the Trustee is filing her Final Report. Based upon the PCGS valuation of the Error Coins in the amount of \$2,955,113, general unsecured creditors (who did not opt out of the Error Coin Distribution) will receive distributions of Error Coins amounting to 18.73% to 18.77% of the amount of their claims.

The Current Projected Date of Final Report (TFR) is October 31, 2018.
